I am glad to be serving as president for this year, which marks my 19th year of independent private practice in Olympia. I remember clearly the first day I started here. I had no patients but quickly grew my practice in a span of a few months. Since then I have worked with most of the physicians and surgeons in Thurston County and have cherished my professional freedom. I often discuss local events with my colleagues and I understand their current concerns. As the Thurston-Mason County Medical Society president, I will keep foremost in mind the protection of our profession. If any members have a pressing professional problem, feel free to contact me so that your concerns can be brought to our monthly board meetings.

Our TMCMS board is an open, democratic group and any member can participate. If your issue warrants statewide consideration, a resolution can be drafted and submitted to the WSMA for the annual meeting of the House of Delegates. What brought me into this board was my concern regarding the burden of Maintenance of Certification by the American Board of Medical Specialties and its franchised specialty testing boards. I was able to pass two resolutions in 2014 (B9) and 2015 (C2) at the House of Delegates, such that the WSMA now opposes mandatory MOC for all of us. Yet there is more work to be done. I have been contacted by fellow members who decry being forced to take MOC testing in order to keep their employment or to remain on hospital staffs. Others tell me their corporate employer deducts 10% from their salary if they do not pass the MOC exams. The facts are that MOC is a private product that is not codified by any federal or state laws but has become a de facto regulation. Please contact me if you have any ideas for the county society to enact against this coercion.

I would also like to thank all the members for supporting our professional society and all the advertisers for their business. I hope 2016 turns out to be a great year for all members!

Ken Lee, MD  
President, Thurston-Mason County Medical Society
Established in 1889, the Thurston-Mason County Medical Society has grown to include over 400 practicing physicians.

The Society’s mission is to:

- Promote the art, science and practice of medicine and the practitioners who pursue these goals;
- Protect and improve the health of the public; and
- Provide leadership for its membership.

The Thurston-Mason County Medical Society (TMCMS) is a constituent of the Washington State Medical Association (WSMA) and the American Medical Association (AMA).

Medical Society Activities

By participating in local, legislative, and educational activities, members can achieve goals through the Society they otherwise might not.

Community Liaison
The Society and the State Medical Association act as liaisons between organized medicine and the South Sound community. They represent local physicians before county, city, state and federal groups, elected officials, and the public.

Advocating Your Position
The Society and the WSMA give you a voice in the legislative and policymaking process in Olympia and Washington, DC. Effective lobby and legal staff work hard on your behalf on policy and regulatory processes confronting medicine today.

Education
The Society sponsors educational programs in the following areas:
- Practice management
- Practice enhancement
- Health care political topics
- Liability concerns
- Public health issues
Membership Benefits

As a member of the WSMA/TMCMCS, you are part of the most powerful organization in the state representing organized medicine. There are over 9,000 members statewide.

Contract Review and Representation Service
Through affiliation with WSMA, members have access to a free legal review of their contracts, and the ability to collectively negotiate certain terms of their contracts.

General Membership Meetings
The Society holds 3–5 general meetings throughout the year, featuring speakers of social, economic and legislative interest.

Grievance Mediation
TMCMS Grievance Committee assists patients and member physicians in resolving fees and services complaints.

Insurance Program
Professional liability insurance, underwritten by Physician’s Insurance–A Mutual Company, is available to members at a $300 discount.

Newsletters
A monthly President’s Letter from TMCMS, and Membership Memo from WSMA, and the more in-depth WSMA Reports communicate activities and issues of importance to physicians.

Patient Awareness & Community Education
Access to numerous free patient educational materials, highlighting programs and services addressing many public and social health issues.

Political Representation
Our professional, administrative and lobbying staff are available to you year-round. A strong representation before the State Legislature and U.S. Congress ensures organized medicine’s “place at the table.”

Referral Service
Over 30 calls per month generate referrals to members’ practices.

Other Benefits
- Free consultations regarding collections, medical billing and management through Quick Collect.
- Group discounts for auto, home and renter’s insurance through Liberty Mutual.
- Avis Car Rental discounts.
- Pointshare provider online solutions for health care communities in the Northwest.
- Low interest WSMA Gold MasterCard®.
